

HILLENDALE HOME CARE

1777 N. California Blvd, Suite 210 ♦ Walnut Creek, California 94596

Helpful Facts Regarding CNA License Renewal

- **For each two-year period of certification, CNA's are required to obtain 48 hours of in-service or continuing education**
- **They must complete at least 12 CEU's the first year; the remaining 36 credits may be taken the second year**
- **CNA'S may take 24 CEU's online per year**
- **CNA's are required to keep a written, cumulative list of the in-service/continuing education hours they complete for four years**
- **CNA's are not required to submit those hours at the time of renewal; however, if ATCS asks for this list and a CNA cannot produce it, his or her certificate becomes inactive until he/she can verify the hours certified in his/her application for renewal.**

You can contact the Department of Public Health with any questions regarding your CNA license:

**Department of Public Health
